### Objective

Eager undergraduate student seeking an internship in the graphic design field for the summer of 2008. Very interested in delving into all aspects of the field, including publication design, web design, identity projects, as well as the general operations of design departments and firms.

### Qualifications

Proficient in Adobe Illustrator, Photoshop, and some knowledge of Dreamweaver, InDesign, Premier, and Microsoft Office. Excellent knowledge of both Windows and Mac platforms.

Layout Editor for three semesters on an award winning yearbook staff at Middletown High.

Accepted fourth to West Virginia University's competitive Graphic Design program. Client experience with various well known state and local associations through the program, in addition to independent projects produced for touring musicians, and other local events. Produced promotional materials for several visiting artists, and a book cover for a local author. Experienced in a variety of book binding techniques including square-back binding, and both soft and hard covered Japanese bound books. Hours of experience in metal sculpture, wood working, and metal casting in various mediums.

### Employment

#### Paper Warehouse

1997-2000 **Sales Associate**, Responsible for ensuring customer satisfaction, product appeal, and stocking.

1998 **Computer network installation commission**, Designed and installed a small business network. Set up a Domain Server with multiple clients, including a print server, and multiple levels of security for the network users.
